Events Brochure
Q4 2015

The background image shows the interior of a bar with a rustic, industrial aesthetic. The ceiling is made of dark, exposed wooden beams. Several large, black, dome-shaped pendant lights hang from the ceiling, casting a warm, yellowish glow. On the left, there are two long wooden shelves filled with a variety of liquor bottles, including clear, amber, and green ones. In the background, a chalkboard menu is visible on the wall. To the right, a bar counter with a brass faucet and some glassware is partially visible.

The Distillery by Capital Spirits is Beijing's first bar and craft distillery. With its new custom built state of the art 100L copper fitted column still distillator, The Distillery is creating small batches of house distilled spirits such as London Dry style gins, vodkas, fruit based schnapps, and rums.

Our goal is to celebrate the heritage of Western spirit distillation with a Chinese twist. With our larger distillator and expanded space we are creating craft liquors using unique ingredients native to China and offering our products [as demonstration purposes] to our customers. As with the original Capital Spirits Baijiu Bar, The Distillery continues to offer the same tasting room concept with an expanded menu of liquor flights. Customers at The Distillery can learn, taste and discover flights of unique craft spirits of rum, gin and vodka from around the world. The Distillery is proud to offer the widest selection of craft gin (over 20+) and bourbon whiskey in Beijing.

Enjoy our house distilled spirits as well as classic cocktails such as Manhattans, Side Cars, Gin & Tonics, Tom Collins, Old Fashioned, and Martinis made with a variety of different gins, vodkas, rums and whiskeys from around the world. We stock a growing collection of over a dozen gins, as well as one of Beijing's best bourbon selections. All spirits also available in 15ml tasting pours served in professional "tulip" glasses besides in full servings or in cocktails. Tasting pours are 15-30RMB each to try some of the world's best spirits. We also feature draft beer from Arrow Factory Brewery and Slow Boat.
